

Hi

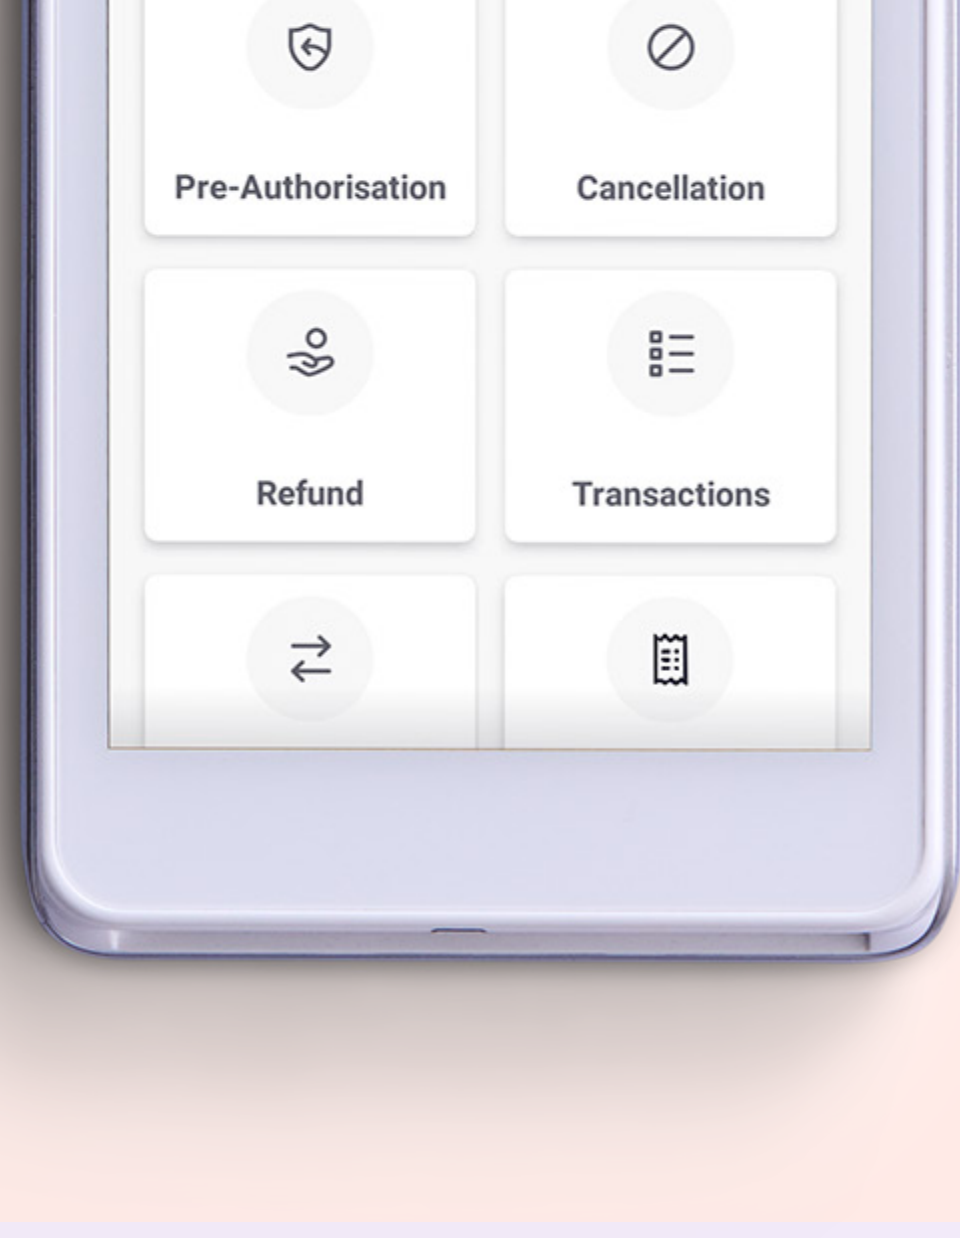

Welcome to Tyl

Thanks for choosing us.

It means a lot and we can't wait to start helping your business thrive.

So, let's get cracking and get your shiny new PAX A50 device up and running...

1

Turn on the device (it should be charged).

2

PAX will automatically connect to 4G, or you can connect to Wi-Fi from the launcher home screen.

3

Open the payment app.

4

Please refer to your email for more information about setup codes.

End of day 1

Go to the portal to see your trading data.

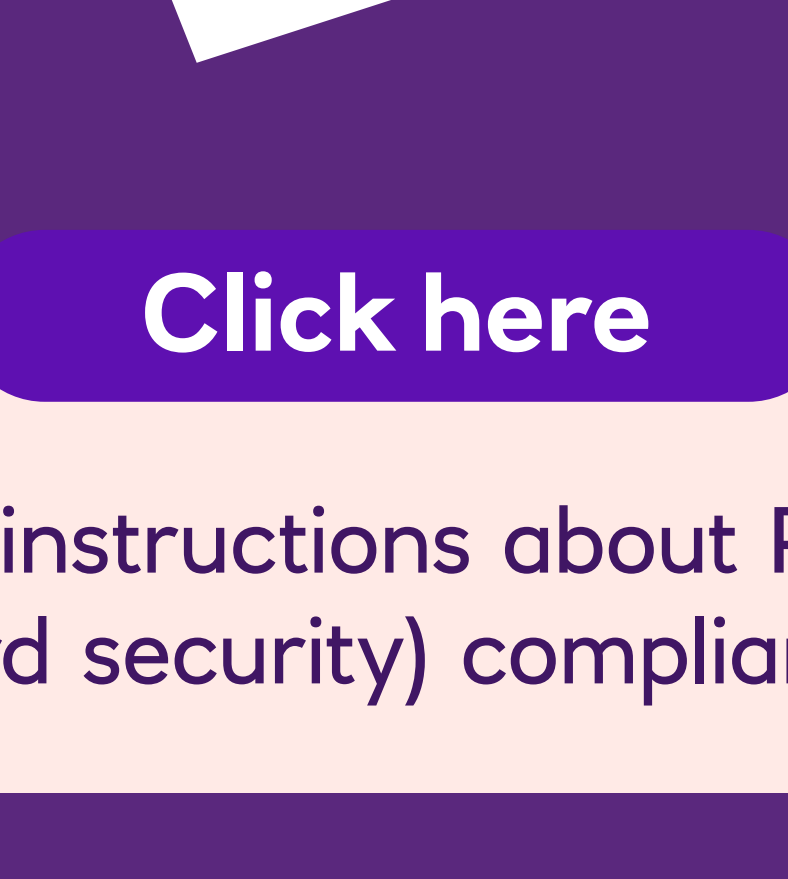

5

That's it. Tap "payment" to start making sales.

6

On your computer, log in to your portal, bookmark it and reset your password.

Click here

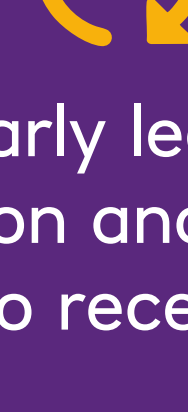

for instructions about PCI (card security) compliance.

What does it do?

Taking payments  Simply tap a payment card on the back of your device to take a contactless payment, or insert if Chip & PIN is required.

Cancellations  Easily cancel the last payment using your supervisor passcode.

All day battery life  The PAX A50 has the battery life to keep going all day.

Refunds  Refund payments directly onto a card using your supervisor passcode.

Email receipts  After taking a payment, enter the customer's email address to send them a receipt (if they want one).

Regular updates  It's important to regularly leave your device powered on and connected overnight to receive important updates.

Introducing your portal

This is the really clever bit...

1. Track your sales and payments.
2. See your smart business insights.
3. View and download your invoices.

All for no extra cost

Tyl Giveback

Helping good causes with every tap

At Tyl, giving back to the community is part of who we are and what we do. That's why we regularly donate a portion of our revenue to charities and community projects up and down the UK via our Giveback Community Fund. It's been part of what we do since the very beginning, and is an important part of what makes Tyl tick.

As a Tyl customer, you'll be invited to choose which of our six charities should receive the most support. Every three months, we'll tally the votes and work with Pennies* (our donation partner) to get the cash where it needs to go.

Pennies! 

*Pennies is a registered charity in England and Wales (charity no. 1122489)

Chargebacks

In an ideal world, every interaction with customers would be perfect. But for some businesses, a chargeback request following a customer dispute can be one of those rare moments where things get a bit... sticky.

To help you navigate chargebacks, this guide explains what they are, how they work, and how you can protect your business against chargeback fraud.
